April 24, 2009

Dear Glenn,

I am writing this letter as an endorsement of Evergreen Foam & Insulation from DuBose Custom Homes and Remodeling of Charlotte, NC.

Evergreen installs spray foam insulation systems in some of the homes we build. Throughout each of the projects on which we have worked together, Evergreen's crews have been on-time, on-budget and professional. We have passed related inspection on the first call. Subsequent work requested of Evergreen has been completed timely according to our schedule. For this we thank you.

Evergreen's foam insulation and closed crawl space systems are leading examples of energy efficient building. Smart building products make a home significantly more efficient. As a builder experienced in new construction and remodeling I can say these products work as advertised. It saves money by reducing monthly utility bills.

In this market price, quality and service are critical. Evergreen has consistently delivered great products, good value and reliable service for my company and our homeowners.

I am pleased to refer Evergreen to anyone considering your products and services.

Best Regards,

A handwritten signature in blue ink, appearing to read 'David', is written over a faint, illegible watermark.
